**SUPEREQ** Chairs Engineered the way your body is, and, exceptional in every way. This is the guiding philosophy behind stunning new range of office chairs. By a truly ingenious combination of materials, technologies and most sophisticated design systems, our chairs have simply no equal in terms of aesthetics or comfort or human engineering. To begin at the beginning, notice how the castors 'flow' into the chair base and the side handles merge perfectly into the chair. How the glass fibre filled nylon base multiplies strength while reducing weight. Even the spring in the 'Swing Mechanism' of the chair is sheathed for quiet operation. Ergonomic design, rugged and durable construction. Comprehensive range-from chairs for the highest officer in your organizations to general staff chairs, including models that Tilt or 'Push Back' or both at the touch of a lever or Go 'Up' or 'Down' with instant one-touch height adjustment 'Gas Springs'. Supereq Chairs spell Excellence-Top to bottom - for the entire range-the class distinctly apart and at the most comfortable price ever.
